Komfi Sagitta 76

Category: Lamination Machines

Availability: estimated time of delivery 04.11.2025

code: **376**

Price: 0,00€

(image is symbolic)

Short description

Robust and durable design, installed worldwide in 24/7 environments.

Feeding head is processor controlled to provide faultless sheet feeding.

Electronically controlled gate for precise and stable sheet overlap at any production speed.

Easy and fast setting of job and machine parameters through a large graphical touch screen.

Continuous automatic checking & control of the whole lamination process (feeding, temperature, air pressure, sheet separation, etc., to ensure 100% quality result).
