Category: [Selfadhesive paper](#)

Availability: **estimated time of delivery 16.12.2025**

code: **344**

Price: 78,95€

Technical specifications

Material: Paper
Surface: Machine Coated
Quantity: 200 sheets
Size: 500 x 700 mm

Short description

The Italstick Machine Coated Supertack Plus is a premium self-adhesive paper designed for high-quality printing applications.

This material is specifically engineered for superior adhesion, making it ideal for challenging surfaces where a strong bond is required. The paper is machine coated, providing a smooth and consistent surface that ensures excellent print clarity and color vibrancy. This product comes in B2 size sheets, perfectly suited for a variety of printing machines and formats.

Key Features:

- **High Adhesion:** The Supertack Plus adhesive ensures strong and reliable adhesion to various surfaces, including difficult-to-stick substrates.
- **Smooth Coated Surface:** The machine-coated finish offers a high-quality print surface that enhances image sharpness and color depth.
- **Versatile Use:** Suitable for a wide range of applications, including labels, stickers, and other self-adhesive products where durability and quality are crucial.
- **Sheet Size:** Available in B2 format, with 200 sheets per pack, ideal for commercial printing needs.

Applications:

- **Label Printing:** Ideal for producing high-quality labels that require strong adhesion.
- **Product Stickers:** Perfect for stickers that need to adhere to various surfaces without peeling.
- **Promotional Materials:** Suitable for creating promotional materials that demand a high-quality finish and reliable sticking power.

This self-adhesive paper is a top choice for professionals seeking reliability, quality, and versatility in their printing projects.
